

## Committed To Superior Quality and Best Results.

We serve and provide engineering solutions to our valued clients.

## CORE FEATURES

### General Fabrication

- Designing
- Cutting
- Bending
- Forming
- Pressing
- Punching
- Welding
- Assembling
- Finishing
- Installing

### Warehouse Shelving

- Adjustable Shelving
- Commercial Grade Shelving
- Drive-in Shelving
- Heavy Duty Shelving
- Industrial Shelving
- Light Duty Shelving
- Mezzanine Shelving
- Narrow Aisle Shelving
- Steel Shelving
- Warehouse Metal Storage Shelving

### Scaffolding

- Bushing-type Scaffolding
- Pin-type Scaffolding
- Pipe-coupling Scaffolding
- Mobile Scaffolding
- Multidirectional Scaffolding

### Solar Structure

- Fixed Solar Structure
- Movable Solar Structure
- Adjustable Solar Structure
- Single Panel Structure
- Multiple Panel Structure

## WHY CHOOSE US

### Delivering Quality Engineered Products.

Habibullah Engineering (Pvt) Ltd. (HEPL) offers complete electrical & mechanical engineered custom solutions. We provide initial planning to final construction for a variety of projects with engineering solutions as per client's requirements.

HEPL has the ability to complete projects on a comprehensive turnkey or partial basis. We take pride in offering customized delivered high quality products through our qualified trained staff.

HEPL has industrial arrangements focused on the manufacturing and fabrication of custom engineered products.

At HEPL, we are committed to providing clients with best engineered solution within their budget and time frame.

HABIBULLAH ENGINEERING (PVT) LIMITED

Engineer, Design, Manufacture,  
Fabricate and Supply of Electrical  
and Mechanical Engineering  
products and related equipment.

## ABOUT US

HSE POLICY | ISO CERTIFICATE| VISION AND MISSION

## Electrical and Mechanical Engineered Custom Solutions.

Habibullah Engineering (Pvt) Ltd. (HEPL) offers complete electrical & mechanical engineered custom solutions. We provide initial planning to final construction for a variety of projects with engineering solutions as per client's requirements.

HEPL has the ability to complete projects on a comprehensive turnkey or partial basis. We take pride in offering customized deliver high quality products through our qualified trained staff.

HEPL has industrial arrangements focused on the manufacturing and fabrication of custom engineered products.

We utilize the latest technology available in producing the finest quality products. All raw material and finished products pass through a stringent QA/QC process under the supervision of well trained and capable experts.

At HEPL, we are committed to providing clients with best engineered solution within their budget and time frame.

## HSE POLICY

Habibullah Engineering (Pvt) Limited (HEPL) is committed to provide, ensure and maintain a healthy & safe environment for all its employees, partners, owners, subcontractors, customers, guests and the surrounding public at large.

Our main objective is to eliminate all risks, dangers, hazards to the health and safety, wherever and whenever possible, while delivering a safe, effective and steadfast process. We want to ensure that we have zero work related injuries without any exceptions. We strongly believe that all work related injuries are preventable.

To achieve quality in our business and environment, the commitment of directors, senior management, administration, staff, sub-contractors and visitors is necessary.

Company management will:

- Ensure a safe working place and environment as far as it is reasonably possible.
- Provide Instructions, Training and Supervision to ensure work activities are performed safely.
- Provide proper and complete safety equipment and PPEs.
- Will strive for the social, physical and psychological well-being of all concerned.

All employees will:

- Be vigilant.
- Follow all rules, regulations procedures and instruction.
- Have the absolute right to refuse or stop work when an unsafe condition arrives.
- Report all or any incident to the management.
- Take care for their own health and well-being.
- Use PPEs and safety equipment as instructed.

Being ISO 9001-2015 certified company by a European Agency we strongly endeavour for continued enhancement in this policy. Our Health, Safety and the Environment (HSE) is implemented at our work place along with the execution of all local laws and regulations.

Everyone who works for HEPL is responsible for adhering to this policy.

# MACHINERY AND TOOLS

Below is a list of machinery and tools available for sheet metal work & Fabrication:

- 15-Ton Power Press
- 30-Ton Power Press
- 50-Ton Power Press
- 350-Amp Argon Welding Plant (AC-DC)
- All Necessary Basic Tools
- All Type Of Accessories Workshop
- Baby Grinder
- Bending Machine 10 Feet
- Drill Machine
- Electric Welding Plant
- Lathe Machine 6 Feet
- Shaper Machine
- Shearing Machine 8 Feet (Qty: 2)
- Vertical Milling Machine
